

# CROMER TOWN COUNCIL

## **MEMORIAL INSPECTION**

Cemetery No 1 site (near Argos)  
9am, Tuesday 01 March 2016

All the memorials in this cemetery will be professionally inspected and tested for stability. Members of the public are welcome to attend.

Any memorials found to be unstable will be laid and where possible the family notified and asked to arrange repair.

As part of a separate phased project, the Town Council plan to reinstate all laid memorials in both cemeteries. Where families have not come forward to arrange repair, a charge for the cost of reinstatement will be placed on the grave concerned.

Please note that the final decision in respect of the stability of the memorial will rest with the qualified inspectors.

For further information please contact the Town Council Office.
